

Grading Scale

Under Douglas Middle School's adoption of standards based grading, a 4-point proficiency scale will be used in place of traditional point values and percentages to report progress towards mastery.

Proficiency Level	Name	Description
4	<i>Mastery Advanced</i>	The student masters the standard.
3	<i>Meeting Proficient</i>	The student meets the standard.
2	<i>Approaching Basic</i>	The student is making progress towards meeting the standard.
1	<i>Remediation Below Basic</i>	The student's knowledge of the standard is missing many components or no evidence of learning is shown.

Citizenship Scale

Proficiency Level	Respect	Participation	Responsibility	Peer Relations
4	Student exhibits a high level of respect for others opinions, belongings, and personal space.	Student exhibits a high level of participation in all classroom activities/assignments.	Student exhibits a high level of responsibility for their character and learning.	Student works at a high level with peers to support learning.
3	Student exhibits a high level of respect for others opinions, belongings, and personal space most of the time.	Student exhibits a high level of participation in all classroom activities/assignments most of the time.	Student exhibits a high level of responsibility for their character and learning most of the time.	Student works at a high level with peers to support learning most of the time.
2	Student exhibits a level of respect for others opinions, belongings, and personal space some of the time.	Student exhibits a level of participation in classroom activities/assignments some of the time.	Student exhibits a level of responsibility for their character and learning some of the time.
